Testimony Begins On Beach Killing

Testimony in the gang killing trial of the Delfino brothers of Daly City was going slower than expected this week, according to Captain John G. O'Brien of the San Mateo county sheriff's office.

Four juveniles and two Daly City police officers had testified in the early prosecution, which began June 15 in San Mateo County Superior Court. Details of two quarrels that preceded the fatal shooting of Willard "The Angel" Lopez at a Thornton Beach party last April were supplied Monday by two witnesses.

Robert McAsay, 18, of 663 Joost avenue, told of driving the Delfino brothers, Larry, 22, and Barry, 20, home after the first outbreak in which he said Barry was stabbed in the forehead by Ronald "Chico" Gebhardt, vice president of a gang called "The Untouchables."

O'Brien said alleged gang members Xavier Brooks, the "Red Fox" and "Chico" testimony would follow.

Officer Stephen Steen, who found the shotgun-shattered body of "The Angel" lying against a telephone booth at a Standard gasoline station in Westlake, and Sergeant Charles Terry began the testimony in the trial last week.

Robert Gomez, 17, now in Preston juvenile home for his part in the fracas, testified he had accompanied the Delfinos to the beach. He said they obtained two shotguns, a .22 rifle and a 30-30 rifle.

They drove back to the beach party in a panel truck owned by the Delfino's father.

On the beach, Gomez said, Barry Delfino challenged "Chico" to a fist fight. When "Chico" refused to drop a knife, he said, Larry Delfino smashed one of the shotguns over his head.

The Delfinos and Gomez returned to the bluff a few minutes later. There they encountered "The Angel," whom Gomez said stepped from his car with rifle in hand, saying "I've got a gun, too."

Gomez told Superior Judge J. A. Branson and a jury of seven women and five men that Barry Delfino fired on "The Angel" with a shotgun. "The Angel" was riddled with 174 pellets. Although mortally wounded, he returned to his car and drove away. He smashed into a power pole at Alemany and Lake Merced boulevards.

JESD Trustees Approve '62-'63 Tentative Budget

The Jefferson Elementary School District trustees moved Monday night to tentatively accept the 1962-63 budget.

In other action, the board accepted two gifts, one from a PTA group and the other from a private citizen. The Crocker-Pershing PTA gave a check of \$30 to the board to be used by the teachers at Crocker-Pershing and Washington schools.

Also received by the board were 43 social study books donated to the Fernando Rivera school library, donated by Mrs. Andre Lehre, 172 Northgate avenue, Daly City.

The trustees also hired one new teacher for the district and accepted the resignation of four others.

A BUNCH OF THE BOYS were whooping it up Monday night, June 18, at Serra Theater as members of the Westlake-Broadmoor Teen Club kicked and shook their way through a Hawaiian twist number during Teen Club "Hawaiian Night" show.

City Budget Hike Slated

Daly City council members and department heads have been hard at work the past couple of weeks working on the 1962-1963 preliminary budget, which city manager Ed Frank says will total about three million dollars, an increase of some \$200,000 over the previous year.

"The budget, which goes into effect July 1, will be somewhat higher than last year because of normal increase in wages and materials," Frank stated.

But, he added, the city should have a capital outlay program in the water department and general budget to continue financing along the same "pay as you go" line as last year.

"So far, I don't contemplate any tax increase," Frank said.

The \$1.48 per \$100 assessed valuation tax bill should remain about the same as last year, he said.

The grand total budget for 1961-62 was \$2,802,911.

Jeff Grid Field, Shop Class Hurt By Strike

Construction strikes will throw a kink in plans for new Jefferson High School track and football field and advanced shop class, district superintendent Edward Morgan said Tuesday.

"From the standpoint of the football field, we're in bad shape," Morgan stated.

The strike, which began five weeks ago, left the field half-finished. Workers were putting in a new curb. Topsoil for seeding was left unfilled.

Morgan said the new auto shop will not be finished until several months after school begins in September. Plans call for enough space to create two new shops, a beginning and advanced shop. Present shop is "one big room" which fails to meet safety requirements.

Work has been proceeding on the Westmoor project which calls for five science labs, eight classrooms, two shops and a mechanical drawing room.

Morgan stated that "barring further complications" at Westmoor, the Martinelli Construction Company plans to complete the Westmoor additions by September 1. Roofing is now being completed on the project.

Morgan added that if the strike is settled is settled this week the construction superintendents will "throw two full crews in on the projects."

HAWAIIAN NIGHT A TWISTY SUCCESS

Enthusiastic gyrations by lake-Broadmoor Teen Club members and almost unbelievable hip action on the part of Polynesian dancers made the Monday night, June 18, "Hawaiian Night" show at the Serra Bowl a success.

Teen Club members, led by the frontal assault of George Killin and Bob Martinez, giggled, twisted, danced and sang their way through a long list of very original numbers.

Muscular Polynesian war dancers and poetically musical Hawaiian routines paced the show throughout the second half. The climax of the show was a flashy, burning sword dance which smoked up the front rows and pleased the crowd to end. Teen Club proceeds from the evening are to finance a new club house.

Officer Culley Plays Midwife

A Daly City policeman answered a distress call early Monday morning and lent a helping hand in the birth of a baby boy.

The mother, Mrs. Anthony Grech, 6187 Mission street, was reported by San Francisco General Hospital as "doing fine."

Officer Tom Culley responded to the distress call at the Mission street address at 6:20 a. m.

'Something New' At Salinas Rodeo

Something new will be added to the California Rodeo at Salinas, July 19 through July 22.

Called the "Bareback Stampede," 16 cowboys and their broncs will enter the arena simultaneously instead of one at a time. Also, instead of the eight-second requirement in the saddle, each cowboy must stay aboard until the animal has been ridden out of the arena and across a finish line on the track.

In addition to the Bareback Stampede, which will close each day's contests at the rodeo, the nation's top cowboys will compete for big purses and championship points in bareback saddle bronc and bull riding, steer wrestling and calf and team roping.

On the track, there will be thoroughbred horse races, colorful trick riders, four of the country's most daring Roman Riders and 16 Western horse classes.

Fairlawn Court Residents Decry Change In Zoning

Tuesday night, June 11, 25 homeowners from the Fairlawn Court area turned out at the Daly City Planning Commission meeting to protest a change in zoning which would lead to construction of an apartment building in a single family district.

A petition to rezone property south and west of the Westlake Library, between Southgate avenue and Fairlawn Court, to multi-residential had been filed.

Homeowners protested the zoning change and apartment construction, claiming it would ruin their view, change land values and cause traffic congestion. The matter was held over until June 26 so that planners could decide what zoning changes, if any, are necessary.

Mexican Group Elects Castelan

Julius F. Castelan of Daly City was elected state president of the Mexican American Political Association at the group's annual convention.

He defeated Primo Ruiz of Pittsburg and Hector Mareno of San Jose for the presidency. Castelan, a civil engineer and general contractor, is a former chairman of the San Mateo County Democratic Central Committee and former city engineer of Daly City. He succeeds Los Angeles city councilman Edward Roybal, who is the senior councilman of the Los Angeles City Council.

In Daly City, the chairman of San Mateo Chapter of MOPA is Joe Padres Levkowitz, city treasurer. The Congressional director of San Mateo is Antonio Valesquez, an attorney from Westlake.

Youth Beaten By Six Toughs

A 16-year-old Broadmoor youth reported he was the victim of an assault and battery Saturday to Daly City police.

The youth, Laurence M. Coleman, 1177 87th street, was treated at Junipero Serra Hospital for a head wound.

Coleman said the incident occurred at 8 p. m. at Southgate avenue and 87th street, where five youths assaulted him and then fled in a '47 or '48 blue Chevrolet. The license number of the vehicle was not obtained.

Arson Attempt Is Investigated

A suspected arson attempt in a vacant lot next to 33 Knowles avenue was pending further investigation today after its discovery Monday night by Daly City police sergeant Rico Benedetti.

He reported that the fire, "obviously the work of an arsonist," was started in a vacant lot and damaged the adjoining building belonging to a George McKenzie, whose residence is at that address.

The fire department reported, however, that there was "no visible damage" to the house. It stated that the "area involved smelled of gasoline," although the fire's exact cause could not be determined.

DOHRMANN SUPPLIES MOVE TO CROCKER PK.

Dohrmann Hotel Supply Co., pioneer San Francisco manufacturer and distributor of food serving supplies and equipment, has just completed the move of its San Francisco operations to Crocker Industrial Park just south of San Francisco in Northern San Mateo county.

Open House for customers from throughout Western United States will be held June 19-21, according to H. D. Pischel, president of Dohrmann's.

The move to the eight-acre building, one of the largest single-story structures in the Bay Area, marks the combining of Dohrmann's varied San Francisco enterprises into one consolidated operation. In addition to warehouse and general office facilities, the huge building houses the firm's San Francisco sheet metal fabricating plant and enlarged sales display floor with an expanded furniture and decorating department.

Relocation of the company's headquarters in the 250-acre, \$25,000,000 Crocker Park was based on accessibility to all Bay Area markets and nearby rail and air transport facilities, and a need for additional operating and parking area in a prestige location, Pischel said.

"The Crocker Industrial Park area is a prime location which allows Dohrmann's space for expansion in an ideally planned industrial community, while still preserving the company's 112 year old identity with historic San Francisco."

DC Electricians Join Labor Force

Three new journeymen electricians from Daly City and one from Pacifica were among the 20 added to the San Mateo County Labor force during the observance of June as apprenticeship month.

They are Peter L. Ganduglia, Mario Leveroni, Jr., and Michael B. Ward of Daly City and John J. Morrissey of Pacifica. Statistically, the graduating apprentices have a better than even chance of earning more than \$8,000 annually within five years.

Figures showing the attractiveness of careers that start with apprentice training were released by Morris Skinner, California supervisor for the U.S. Department of Labor's Bureau of Apprenticeship and Training.

The figures, based on a survey of 1955 graduates in all

California apprentice programs, showed that by 1960 88.8 per cent earned \$6,000 a year and 52.4 per cent as compared with 53.2 per cent having advanced to supervisory or management positions.

"In an era of persistent unemployment," Skinner noted, "these men are earning a good living because they took the apprenticeship route to a career."

The local men received completion certificates at a graduation dinner at the Villa Hotel in San Mateo. The presentations were made by Stanley A. Fitcher of Belmont, chairman of the joint apprenticeship committee, Charles Richardson, representing Charles F. Hanna, chief of the State Bureau of Apprenticeship Standards, and Charles J. Poehn, vice president of the International Brotherhood of Electrical Workers.

'Project Handclasp' Nets Good Results

Response to the U.S. Navy's "Project Handclasp" to assist refugees from Communist China has been good in San Mateo County, Dr. Lawrence K. Onisuka of Redwood City, county chairman, said this week.

He said members of the San Mateo County Optometric Society, who are cooperating with the Navy in the statewide campaign, have received hundreds of discarded eye glasses and other ophthalmic materials from San Mateo County residents during the last month, and urged anyone who still has unused or discarded eyeglasses, lenses or frames to bring them to the office of any member of the optometric society.

Following the close of the drive at the end of June the vision specialists will send the ophthalmic materials collected to the Naval Air Station in Alameda for shipment to Hong Kong.

In Hong Kong, Dr. Onisuka said, optometrists and ophthalmologists have volunteered their services to do the professional work and to train technicians to classify the materials

received and see that they are properly dispensed to the masses of refugees who are in urgent need of vision care.

Vision specialists who make up the San Mateo County "Project Handclasp" include:

Drs. Paul R. Leigh, John Babcock and H. B. Popul of Redwood City; Drs. Leon Kaster and Donald R. Schoepner of South San Francisco; Drs. Ralph M. Marshall and Albert V. Glenn of San Bruno.

Drs. Robert L. Mandel and Harvey Odell of San Carlos; Drs. Ernest A. Scheppeler, William M. VanBokkeken and James P. Hornberger of Burlingame.

Drs. Norman G. Licht, Melvin W. Bradford, David W. Allen, Donald A. McLachlan and Ronald F. Dixon of San Mateo; Drs. Angus M. MacLeod of Belmont, Harold Garrett of Daly City, Gordon W. Taylor of Menlo Park and Jay R. Adams of Pacifica.

When carried in procession with other flags, the National Flag should be on the marching right.

Three Hurt In Area Mishaps

A California highway patrolman and two women were hurt in Daly City traffic accidents last week.

Motorcycle patrolman Gerald L. Schaeffer, 34, of 82 Olcese court, Daly City, received hand and leg injuries when his vehicle turned over at Eastmonte avenue at Sullivan on June 16. Officers said the motorcycle collided with a station wagon driven by Wonder Bread bakery driver Octavian T. Papes, 30, of 330-A Higate.

Catherine E. Whittle, 75, of 337 Seventh Avenue, San Francisco, suffered a possible fractured right ankle and leg laceration in a car driven by Anna C. Nelson, 54, of 223 Northwood drive, South San Francisco. Officers said the Nelson auto collided with a vehicle driven by Ivalo L. Maffei, 62, of 112 Otsego, a Skyline Plaza butcher, as Maffei was making a left hand turn.

Also injured June 14 was Mrs. Josephine Whittemore, 1425 18th Avenue, in a car driven by Daniel H. Whittemore, 59, Pacific ship repair man. Police reported Whittemore stopped for a car that stopped in front of him and was struck from the rear by a car driven by Maurice E. Wilson, 36, of 475 D Street, Colma. The first school session covers automobile, fire, policy service, claims service, and field underwriting. Following this, the men return to their home towns to work in the field from four to six months before returning to the regional office for a second week's schooling. The entire sales training program covers 18 months.

Officer Thwarts Suicide Attempt

Pacific City police officer Mel Nelson stopped the suicide attempt of a 20-year old San Francisco woman and in the attempt almost lost his own life.

He tackled Mrs. Cleora Jean Totten, 3225 Laguna street, just 10 feet from the edge of a 300 foot cliff at Mori's Point. Before their struggle ended, Nelson and Mrs. Totten had rolled to within two feet of the precipice.

Police were alerted to the suicide attempt by Roy W. Burley, 716 Arguello boulevard. He spotted the auto with the hose attached to the exhaust pipe at the end of Mori's Point Hill about 50 feet north of the cliff's edge. Burley told police he removed the hose from the exhaust pipe.

Nelson talked to her for five minutes and tackled her as she ran from the car and attempted to take her life.

Thomas W. Malloy Is Harvard Graduate

Thomas W. Malloy, 156 East Vista Avenue, Daly City, received an L.L.B. degree June 14 from Harvard University, during the 311th commencement exercises at Cambridge, Mass.

Approximately 3,000 students received academic degrees. Traditionally held in the tree-shaded yard on a newly-constructed permanent stage adjoining Memorial Church, the ancient ceremony of conferring degrees was followed by a series of small, informal "commencements" in the Harvard houses and among the graduate schools. Here each student receives his degree individually from officials of the school or house with which he was associated.

"WHY?"

By Paris B. Simmons

As a policy, any criticisms appearing in this column will always be constructive in nature. There will be no intent to single out any individual or group with the purpose of inferring that their job is being poorly done. The goal of this column is to assist those working with juveniles toward: higher achievement, which will result in a better community.

Let us consider, at this point, the curfew laws of Daly City, and on the basis of research make a suggestion which will be beneficial to those individuals breaking the law, as well as the community at large.

Running Around
Many reports have been received which indicate that there are numerous children, ranging in age from ten through their late teens, who are allowed almost a free hand in setting their own curfews. One such case involved a 13 year old who was allowed to stay out all night, frequently, provided his 17-year-old brother was with him. How were the nights spent? Riding around in cars with other teenagers, dragging, engaging in drinking parties and other unwholesome teenage activities.

In other incidents, reports show that there are a number of juveniles that have become proficient in sneaking out of their homes after their parents have retired for the evening. In some of these instances, the family car is rolled from the garage and the teen-ager gathers a few his friends for a joyride through the country.

In the Streets
Still others are sent from their homes in the evening to friends while the parents engage in social activities or entertain guests. That they do not arrive at such friend's home and spend their time in the streets, or in small gang groups is a definite fact. Finally, the parent who leaves a young teenager home without restrictions, while "out on the town," is asking for difficulty.

Mariner Scouts Farewell Feed

Mariner Girl Scouts from Ship 13 of the Daly City-Colma area attended a farewell dinner for four Senior Scouts who not only were graduated from Jefferson high school but also from Senior Scouting.

The dinner, which was held at Omar Khayam's in San Francisco last Tuesday, was attended by 16 members and their families. Many of the guests enjoyed a delicious Armenian dinner of shish kebab, plaff, lavash bread, and paklava. George Mardikian, owner of the restaurant, personally welcomed the group.

The four Senior Scouts who were graduated are Marilyn Brown, Diane DeBrune, Linda Howes and Joann Spinetti.

Other Mariners who attended were Kathy Cubic, Linda Edgeman, Kathy Morton, Marsha Ojakian and Judy Stone.

Mrs. R. E. Damon, skipper for Ship 13, and Drena Guaraldi, mate, R. E. Damon, Susan Damon, Mrs. J. Spinetti, Mrs. H. Ojakian and Victor Ojakian were also present.

A very enjoyable time was had by all.

M. E. Bumm Promoted To Specialist Rank

Michael E. Bumm, son of Dr. and Mrs. Helmut Bumm, 324 Peoria street, Daly City, recently was promoted to specialist four in Germany, where he is a member of the 24th Infantry Division.

Specialist Bumm, a medical aidman in Headquarters Company of the division's 19th Infantry in Augsburg, entered the Army in January, 1960, completed basic training at Ford Ord, Calif., and arrived overseas the following June.

He is a 1956 graduate of Mission high school in San Francisco.

What can be done? A survey was made of communities which have a strong organizational and follow-through pattern of dealing with delinquents, or non-delinquents, breaking the curfew laws of the community. In every case these communities showed less delinquency on a per capita basis than those who were reluctant to enforce the curfew.

On this factor, it would appear that Daly City should take steps to assure such curfew enforcement. This may mean a few extra police officers, but the over-all results should be many times the value of the salary such policemen would draw.

In Custody
The most successful procedure is one in which the child breaking the curfew law is taken to the local police station and remains in custody until both parents appear to claim the child. On the second violation, the child and parents are required to appear before juvenile authorities for counseling.

Perhaps this action may seem drastic, but when one realizes that there have been lives lost in Daly City, that theft and property damage by juveniles must run into thousands of dollars annually, and that late hours are a contributing factor towards such delinquency, such action is not only needed, it should be demanded by the taxpayers.

White Shoe Gang
(Special Note: In answer to an inquiry, the White Shoe Gang is not one of prominence in Daly City. This was a major gang in San Francisco's Mission district a few years back. Most of the members of this gang have joined other groups. Reports are that there are less than a half-dozen members that are very inactive in Daly City. The two gangs in prominence here are the Barts and the Leaguers. The identification clothing of white shoes included gold earrings by both.)

WHAT'S DOING

T. P. Coyne, your Telephone Manager in Daly City

If you visit Disneyland this summer, you may have a hard time deciding what you enjoyed most. I've been pleased that a number of people have told me how much they liked the Bell System exhibit featuring the Circarama film "America the Beautiful". It's an amazing movie unlike any you've ever seen.

This 360-degree color movie—an exclusive Walt Disney process—takes you on a breath-taking tour of the United States. You can also see how communications link America together.

...the newest telephone products and services... and an exhibit showing how phone calls and TV programs might be transmitted by satellite. Admission's free to "America the Beautiful." We're sure you'll enjoy it too.

You might be interested to know that the tax on your phone bill may be lower after July 1st, if Congress votes to drop the 10% Federal Excise Tax you now pay on local phone service.

This is the 20-year-old wartime "luxury tax" imposed on items like furs, jewelry, perfume—and telephones. Well, I'm sure no one considers his telephone a luxury any more than other necessities like gas and electricity.

And, repealing this tax would mean direct savings to you by lowering the cost of local phone service by the full amount of the tax.

With vacation time here, most folks are busy deciding where to go this year. Almost anywhere you head, you're apt to meet lots of other vacationers, and good accommodations may be scarce.

There's an easy remedy, though: just call ahead for reservations. It takes only a few minutes and can save you lots of time hunting for a vacancy.

THE POLICE ATHLETIC LEAGUE— A WEAPON AGAINST DELINQUENCY

There has been much beating of breasts and howling in anguish recently about juvenile delinquency, pre-delinquency, supposed delinquency, and would-be delinquency. A number of plans were suggested to combat the situation, some criticism was made, and questions were asked about "What is being done?"

The Daly City Police Department forged a weapon some five years ago. They called it the POLICE ATHLETIC LEAGUE. The weapon has been in continuous use since that time.

A weapon, to be useful, must be kept in constant repair through the application of lubricants, fuel, and preventive maintenance. PAL, the weapon in this case, needs such attention once per year. Now is the time.

The yearly drive for funds starts Saturday, June 23, 1962. It will continue for six weeks. This is not a pitch for contributions as such; rather, it is a pitch to get people to participate in the PAL Bowling Tournament at the Westlake Bowl.

We have this weapon. It needs funds to operate. Everyone wanted to "Do Something" about delinquency. This is what you can do. Bowl for PAL.

PAL's aims are twofold. First, to help guide and direct the youngsters who have difficulty in finding ways to spend their leisure time without getting into trouble.

Secondly, to develop a friendly relationship between the youngster and the police officer and engender a spirit of co-operation for law and order.

Five years ago Officer Coleman walked into the Chief's office with a plan. The plan was for PAL. Coleman then spoke with a retired policeman from Mount Vernon, New York, who had been a PAL pioneer. With the background gained, Coleman and Chief Petrocchi started what we believe to be the first PAL organization in California.

Other officers and citizens became interested and we soon had an incorporated, going concern. Presently sponsored are nine touch football teams, with 180 boys participating. Football operates on a \$600 budget. The league is directed by Officer Brewer, who also coaches.

Basketball players number 180, playing on nine teams. This sport operates on a \$300 budget. Brewer directs this league, also, in addition to coaching.

Officer Bastedo directs the baseball league, and he and Brewer are numbered among the coaches. Baseball has eight teams with 160 boys participating, and operates on a budget of \$3,000.

We presently have a total of 520 boys participating in PAL, and the overall budget for last year was \$3,900.

This will be the fourth year that funds were raised through the bowling tournament rather than by direct solicitation (donations are accepted, however). Captain Beecher, chairman of the prize committee, last year received prize donations from 220 businesses and firms, some of whom donated more than one prize.

Men and women bowlers compete on separate prize lists. Last year there were 4,325 Westlake Bowl bowlers competing for PAL prizes.

Last year the bowling tourney expenses were \$866.39. The expenses were mostly for advertising and the purchase of special prizes. An example of last year's special prizes: one hi-fi set, and one home tape recorder.

Money grossed from the bowling tourney amounted to \$5,242. In addition, cash donations amounted to some \$555.

The net amount realized by PAL was \$4,930.61. This money is used entirely for operating costs of PAL. These costs DO NOT INCLUDE SALARIES. THERE ARE NO SALARIED PERSONS WORKING WITH PAL.

Prize donors are recognized by display of prizes in the Westlake Bowl lobby. Signs indicate who donated any particular prize. A letter of thanks is sent to each prize donor. This Herculean task is accomplished each year by Mrs. Arlene Keough, the Police Department's smiling PBX operator. These letters also mention what prize it was which was donated. This procedure is used to protect the donor and to assure him that the prize reached the proper destination without being sidetracked.

At this writing, Officer Brewer is PAL president, Officer Crocker is treasurer, and Mrs. Josephine Runne, Chief's secretary, is secretary.

Other police personnel are active, and apologies are hereby tendered for not including their names here in our restricted space. The same apologies go to the PAL civilian coaches and to the many participating and generous merchants of last year.

People wanting to bowl can make arrangements at the Westlake Bowl.

People wanting to donate prizes should contact Captain Beecher, PLaza 4-212.

There it is. You asked what we are doing. This is what we are doing.

You asked what you can do. This is what you can do. BOWL OR DONATE. See you at Westlake Bowl!

History shows that young writers with radical thoughts often grow into men and women of great faith and high morality. For example, St. Augustine. Before he was twenty, he became a sceptic and the father of a child by a concubine. But his wise mother guided him through what he later called his struggle of the spirit against the flesh. He became a valiant Christian using as one of his mottos these words of St. Paul: "Not in rioting and drunkenness, not in chambering, and not in wantonness, not in strife and envying, but put ye on the Lord, Jesus Christ, and make no provision for the flesh in the lust thereof."

St. Paul himself was a radical when he was young, but a vision and a wise teacher guided him into becoming one of the foremost teachers of morality and beauty in all literature. Similar changes occurred in the lives of Wordsworth, Whitman, Donne, Browning, to mention a few, who created literature on a high moral tone. Isn't the world lucky that their voices were not silenced when they were very young and very immature?

TV and RADIO

By MONA BAKER

Summer seems to be the time when television stations fall back on repeat shows for summer viewing and concentrate all their efforts on fall programming.

However, this is certainly not true of KQED who this season has embarked on its most ambitious summertime programming yet in its impressive history with three new "live" series and a weekly program of outstanding British films.

Premiering last week the first program titled "Performance" featured "The Clancy Brothers" and Tommy Makem in a rousing program of Irish folk songs. "Sure and if you have a bit of Irish in you" or even if you don't you certainly could enjoy the program. With a refreshing informal approach and a generous helping of Irish charm the program was delightful television.

The new British film series

"Flips on the Telly" (Wed. 9 p.m.) also an Irish theme. The first program "Odd Man Out" was the story of an Irish revolutionary war most absorbing and was skillfully produced.

The other two "live" programs in the summer schedule include KQED's "Summer Music Festival" which will debut on June 29 with an outstanding group of musical artists and "Pavilion" which will premiere on June 25. Combining local television with local talent the new series will open with a recreation of the annual Grant Avenue Street Fair. During the following weeks the program will include Samuel Beckett's mime "Act Without Words II" and Pirates of Penzance performed by The Lamplighters.

COMING PROGRAMS: Two important offerings on KRON-TV's schedule include "Carnival of Animals" (June 20, 6:30 p.m.) on Channel 4's excellent new series "Portrait" and a tribute to the city of San Francisco on "Assignment Four" on June 25 at 6:30 p.m. Debating this Saturday over KGO-TV is a new series for the tricycle set titled "Judy at Santa's Village" a four hour program of fairy tales, cartoons and news of youth activities in the Bay Area.

Also premiering on June 25 is "The Steve Allen Show" to be seen on fifteen television stations across the country, including KPIX. The show which is 90 minutes in length will be seen week nights beginning at 11:15 p.m.

Good news from CBS is the announcement of four special informational programs broadcast in prime evening time to be seen in July and August. The first program scheduled for July 12 will take a look at the American woman in her home on a special edition of "Calendar."

Letters to Editor

Workable Idea For A Westlake Swimming Pool

Dear Editor:

Some time ago you printed a letter from me in the Times. It was about the need for a swimming pool in Westlake. I had a number of letters regarding it, but nothing came of it. I see by last week's paper the idea is up again, and I do hope we can manage it. I have an idea, and it may be workable if enough people are interested in it.

Perhaps it might become a community effort. If all of us who want it can offer what we can in services, we might raise the money without costing the already over-loaded taxpayers any more in taxes.

A carnival could be arranged, and people could offer their accomplishments. I can knit, and thereby can offer to do a dress or suit for someone, with it (the services for it), either auctioned or raffled off.

The style could be chosen by the buyer. I also could take small groups of children to the zoo, for a fee for each child, with the money going to the fund. It alone doesn't sound like much, but if there were enough others who also could offer their talents, we might have something. I can also bake cakes, cookies, rolls, etc., to order.

This is just an idea, but I think it could become something big, if the right people take it over. A one- or two-day affair at the shopping center, with everyone taking part, could get it started in a big way.

High school students can offer to do any number of things... such as baby sitting, gardening, etc. Perhaps we could also get a national magazine to cover it, with pictures and the story of it, and money from that also going into the fund. Someone with a lot of force would have to take hold, and from there on it would be up to the rest of us. Vacation is about to start, and it would be good for the students to have this to work on right now.

Very truly yours,
SHIRLEY S. STEIGERWALD.

Thanks Voters

I wish to publicly thank the voters of this county for the fine vote that I received in the recent election. I also wish to express my gratitude to all of my loyal friends and supporters for their invaluable help in my campaign.

Takes Dim View Of School Board Merit Pay Action

Dear Editor:

This is just an opinion on the teacher merit pay resolution recently passed by our elementary school board of trustees by a vote of three to two. For those interested, the two members who opposed the resolution are Mrs. Mullen and Dr. Calvert.

It is my opinion that this resolution will have quite an adverse effect on our teachers. On the surface, it may be a practical idea to stop the regular annual pay increases of unworthy teachers, but, with a constantly changing and shifting personnel, teachers undergo evaluations by a great many different people. Any difference of opinion could result in a bad report. With this new resolution, it will take very wise people indeed to distinguish between human personality differences and genuine un-

Desires

—THOMAS HOBBES (1588-1679)
English philosopher

I plainly assert that he who would truly live ought to allow his desires to wax to the utmost, and not to chastise them. When they have grown to their greatest he should have courage and intelligence to minister to them and satisfy all his longings.

worthiness.

In passing such a resolution, the board must expect rumors. One rumor seems to be that most teachers have nothing to fear inasmuch as only two teachers are involved this year. If this rumor is not true, then the consequences are even more tragic. How many tens of fine teachers are pathetically fitting themselves into these two places? Any teacher who might have disagreed with a superior must feel fearful. Even worse, teachers with many years of service must feel fearful because they are the highest paid. Let us hope that this insecurity will not be reflected in their teaching.

If every citizen has a responsibility for the actions of elected governing bodies, then I apologize to our teachers for this new burden, and I shall wait fearfully with them for the first heads to roll.

Sincerely,

DORIS PLANT.

P. S.: This resolution also shakes the confidence of our parents in our children's teachers. Is the board now telling us that our children are fine and that it is our teachers who need help?

This article is written by Daly City Firemen and published in this paper for the purpose of keeping the public informed about their Fire Department, its duties and associated activities.

During the past 15 years Daly City has expanded from a population of 10,000 to 45,000. Even though the majority of the population live in single unit dwellings, apartment buildings are beginning to and will continue to constitute a major place in this community.

Because of the large life hazard in apartments, and for that matter hotels, hospitals, theaters, and churches, it is necessary for the people in these buildings to conform to certain rules if they are to protect themselves and those around them.

With this in mind, we would like to mention a few things that apartment residents should know. Each family should be fire conscious and certainly respect the lives of others who live in the building.

Even though apartments are constructed to conform to Fire Department and City codes, and the building may have sprinkler and/or audio signals, fires can and do occur. Packages which are too large may clog the chute, and create a severe smoke hazard. Emptying ashtrays in waste baskets or chutes can certainly cause a fire.

When using the washer or dryer, follow the building regulations. Rubberized and foam rubber objects in dryers can be dangerous.

Storage space is always in demand, but it's not the place to keep flammable and highly combustible materials. And by all means, comply with the parking regulations. An improperly parked vehicle can prevent emergency apparatus from reaching its assigned position.

If a fire breaks out in your

unit, be sure everyone gets out. Then close the door; this keeps smoke and heat from getting into the hall. Then sound the building fire alarm system, but remember, this is only an internal alarm system and will not notify the Fire Department. Next, call the Fire Department, PL 5-4212, and explain where the fire is (unit and floor) and what is burning.

Now, if the fire is somewhere else other than your unit and you hear the alarm or smell smoke, call the Fire Department; Don't count on someone else to do it. And don't whatever you do, open the door to see what's going on, unless you are positive there isn't flames and superheated air on the other side. Feel the door. If it's warm, stay where you are. If it isn't, then brace yourself behind the door and open it slightly. If gas and smoke puff through, close the door quickly. Superheated air can kill instantly.

If you find you can get into the hall then proceed to the nearest exit and stay clear of the entry, so that the fire-fighters may enter. If you can't get into the hall, don't panic. Go to a window and wait, being sure to keep the door closed. If you need assistance, hang a white object out the window to attract attention.

During minor fires, we may request that you stay in your apartment. If so, please do, and keep your door closed. Opening your door may result in smoke damage to your apartment.

But if we do require you to evacuate the building it will be for your protection, so please do so promptly.

If there is an invalid in your unit that may need assistance during evacuation, we suggest you call our business telephone number, WY 2-1144, and make whatever special arrangements that are necessary to protect their safety.

COUNTY DOINGS

by JACK WOOD

Hillcrest Juvenile Hall, often crammed to over capacity, got a shot in the arm last week on a suggestion by county manager E. R. Stallings.

Stallings proposed that San Mateo city officials consider using the old San Mateo hall of justice to handle the overflow from Hillcrest.

According to Stallings, the old quarters, which have been vacant since the new San Mateo police station was opened, could be fixed up to handle 20 to 30 boys.

Stallings also fired a warning that the City of San Mateo could lose the proposed county convention hall to Redwood City.

He said that competition authorized last fall on the proposed auditorium and convention center has not started because the board of supervisors of the San Mateo County Fair Association has not agreed on a site for the building at the Fairgrounds.

The Elks Club plans to hold its state convention in 1964 in San Mateo and some 6,000 delegates are to attend.

In a recent "brainstorming session," the county board of supervisors:

Decided to submit a bond proposal for expansion of Community Hospital in San Mateo to the voters in November.

Decided to remodel the old domed courthouse in

Something For Everyone

by Samuel Chandler

Once again the words of those who are worried about morality in literature are heard in our city. The freedom to criticize and the freedom to protest are sacred to Americans and must be maintained. Indeed, criticism is the mother of literature and the protector of beauty and decency.

But the critic must take care that he does not abrogate the freedom of creative people to write and say what they think, especially of young artists who usually speak for many members of their generation, whether the critics like it or not.

If the critic does not like the thoughts that young artists speak and write, let him in all kindness show the young artists where they are wrong and urge them to speak with more purity and more beauty, but let him never seek to silence their voices and their pens.

A 6-year-old girl died yesterday from burns received Saturday morning when her nightgown caught on fire.

Sherry Lee Garber, 1008 Nimitz Drive, Broadmoor, died at the Polyclinic hospital in San Francisco after suffering second and third degree burns on 70-80 per cent of her body and limbs. Broadmoor Police Chief Ray Savage said the girl's nylon nightgown caught on fire while she was playing with matches.

Funeral services were held today at the San Francisco Funeral Service and Memorial Chapel, 1 Church Street, at 10 a.m. Burial followed at Cypress Lawn in Colma.

She is survived by her parents, Hiram and Roxie Garber, and her brothers, John, Larry, George and Jimmie.

1 Youth Injured In Auto Rollover

An Oakland youth was hospitalized with possible broken hip or leg Saturday morning on the Edgemoor Freeway, almost a mile north of Manor drive, in a roll-over automobile accident.

The youth, Lester L. Walker, 319 Bergeto road, Oakland, was a passenger with Herman J. Young, 1457 Jones street, San Francisco, in an automobile driven by James Allen Gordon, 2733 Oliver avenue, Oakland.

The California highway patrol attributed the accident to the excessive speed of the auto, which was traveling southbound on the freeway at 55-60 miles an hour. The car went out of control and rolled over several times, finally landing on its top.

The other passenger, Young, and the driver, Gordon, were not injured.

Notes From The Schools

THE JEFFERSON High School
graduating class of 1962 was honored at their annual senior breakfast last Thursday at Our Lady of Perpetual Help Church.

Vista Mar School

Vista Mar's young poets, San Smith, second grade, and Peter Schmale, fourth grade, received first class citations at the state level for the poetry contest held in Long Beach in April and sponsored by Children's Poetry Fair.

The contest provided for entering one poem from the elementary level and one from the secondary level. San and Peter received parchment citations and the school received the poem returned with gold seals and blue ribbons, each bearing the notation "First Class Award."

Following are the two poems by San and Peter, respectively:

Night
I hear wind in the night,
In the day it blows my kite.
But now it's dark,
It's night,
But still it blows,
Left to right.

Through the Night
The sun comes up in the morn—
I hear the dim foghorn,
The dismal light shines
Through the pitch black night.
I hear the boats creak in their berth,
I hear the little dory coming near.

As it ripples through the waves
Right below us, many a brave man's grave.

An impromptu modern version of "Cinderella" was presented to the Vista Mar student body by a group of fifth grade girls, all members of a Scout troop where the play was first presented.

Creativity was noted as the girls portrayed by their costumes the adaptation of the famous fairy tale to a modern era.

Students participating were: Barbara Kucer, Cinderella; Barbara Samuelson, Prince and Duke; Rebecca Kleutsch, Stepmother; Susan Thomas, Stepsister; Janet West, King; Sharyl Levinson, Fairy Godmother.

Narrators—Beverly Daniels and Marion Cass. Announcer—Candy Sousa.

Oceana PTA Holds First Board Meet

The first executive board meeting of the new Oceana PTA was held recently in the school library with Mrs. Carl P. McCarthy, president, presiding.

On the agenda for the evening was the reading and discussion of the 1962-63 proposed budget. The budget was approved and will be taken to the first PTA meeting, to be held September 20, for approval and adoption.

The first unit meeting will be held September 20 in the multi-purpose room at 8 p.m. and thereafter on every third Thursday of each month.

"Inasmuch as high school PTAs work with the children instead of for the children, the various chairmen look forward to a very rewarding school year," Mrs. McCarthy said.

A freight train demolished the automobile before it could be stopped but the driver escaped without being injured.

The Foreign Language Institute has announced a six-week course for these students from July 2 to August 9 with no tuition fee. Only 20 students, however, will be selected for each class.

Daly City Couple Married In Double Ring Ceremony

In a double ring ceremony before the altar of St. Peter and Paul's Catholic church in San Francisco on June 3, Barbara Jean Bertolina and Eugene Joseph Riordan were united in holy matrimony. The Rev. Father Costanza officiated.

Barbara Jean is the daughter of Mr. and Mrs. Leland Mario Bertolina of Daly City, and Eugene Joseph is the son of Mr. and Mrs. Peter Riordan, also of Daly City.

The bride's full length gown of chantilly lace was adorned with a veil crowned with pearls. She carried a bouquet of orchids and Bouvardia surrounding a prayer book.

As her attendants, the bride chose Jo Anne Guidi of San Francisco as her maid of honor and Sharon Santamaria of Daly City and Lynn Giblin and Mary Jo Gleeson of San Francisco as her bridesmaids.

The attendants were attired in identical yellow silk organza sheath dresses with full overskirts and matching head pieces. They carried basket-shaped bouquets of yellow and white daisies.

The groom chose Robert Bertolina, brother of the bride, as his best man. Ushers were Kenneth Averell, David Dunbar and Ronald Bertolina. Following the holy ceremony, a reception was held at the House of Parties in Daly City. Immediately following the reception, the newlyweds left for Seattle and the World's Fair. On their return, they will make their home in San Francisco.

The new Mrs. Bertolina is a graduate of Immaculate Conception Academy and is employed by the California Packing Corp. The groom is a graduate of Westmoor high school, attended City College of San Francisco, and is currently employed by the PG&E.

Two youthful opponents map out the strategy in a checker game at one of the 21 recreation and park facilities around Daly City. Checkers is just one of the many varied activities offered by the Daly City Recreation Department.

Boating on Lake Merced is one of the most popular sports offered in the Daly City summer recreation program. Here youths enjoy the casual atmosphere of a country lake under the supervision of the Daly City Recreation Department.

Children seen enjoying the 1961 Penny Carnival. This year the Daly City Recreation Department will offer four such Penny Carnivals during the course of the summer.

SUMMER RECREATION

The patter of feet resonate through the corridors. The teetherball winds swiftly around the pole. The whistle blows and children dive off the side of the pool into the clear water.

It is summer vacation and all over the Daly City area the Parks and Recreation facilities are filling up with over-energetic children.

The 1962 Daly City summer recreation program, under the leadership of Recreation director Charles Vincent, opened last Monday and will continue until Friday, August 24.

The program is sponsored by the Department of Recreation, Daly City; Jefferson Elementary School District; Jefferson Union High School District, and the Garden Village PTA.

Special activities include archery, arts and crafts, dance, movies, music and tumbling. There is a 10-cent charge for each arts and crafts class as well as a similar admission charge for the movies, which will be shown at various recreational facilities throughout the summer.

Special classes in various activities, such as baton twirling and dancing will be co-sponsored by the Department of Recreation and the Westlake YWCA.

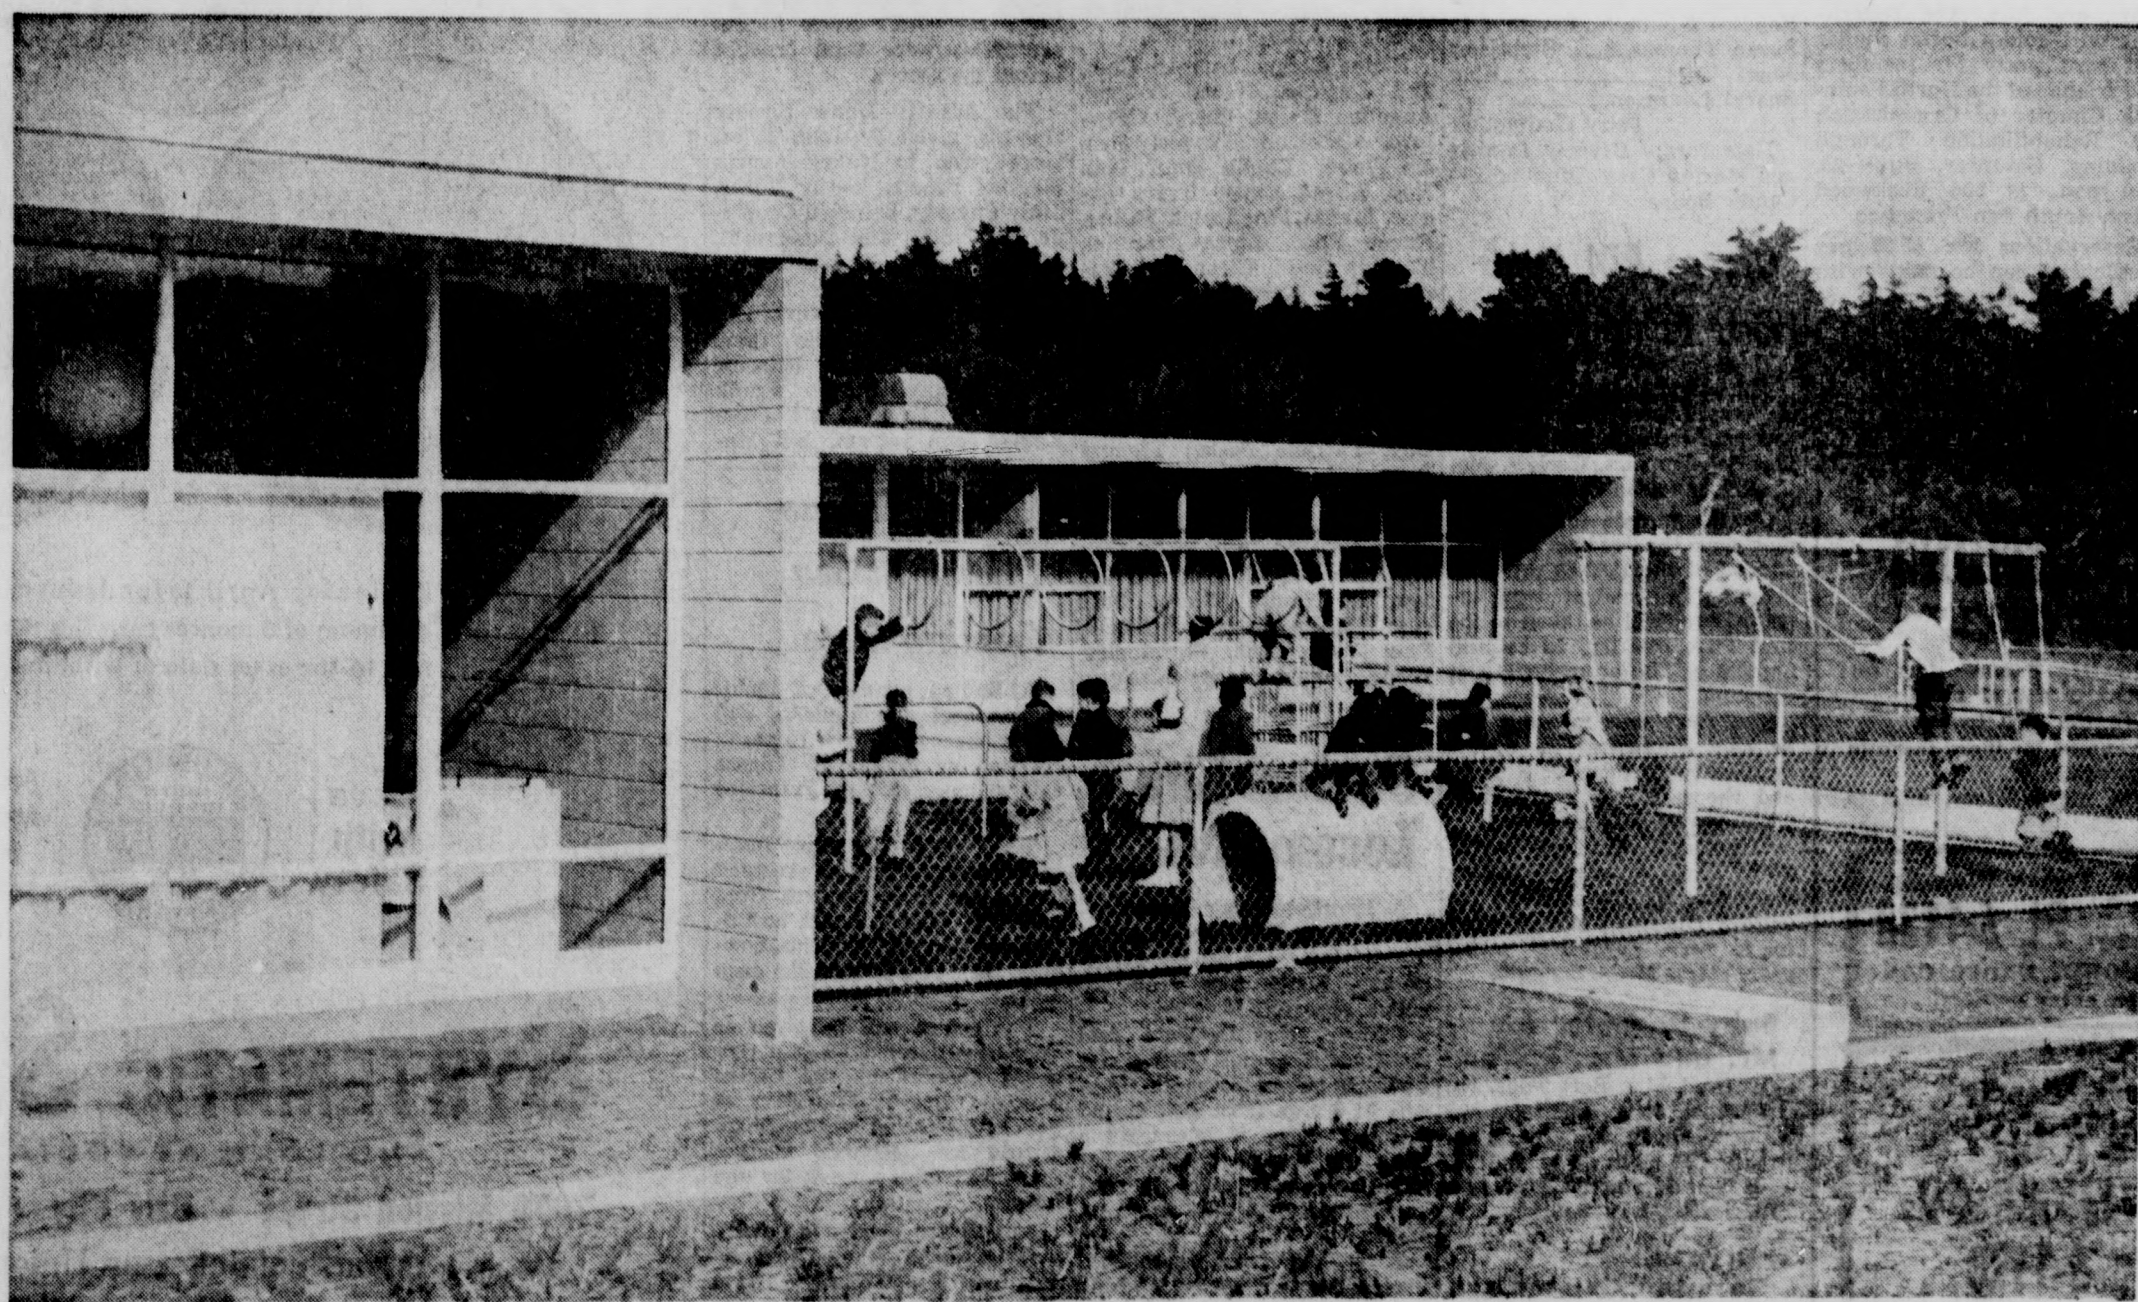

Special sports activities from badminton to swimming will be held at various high schools and parks. For further information, call PLaza 5-2511.

The Department of Recreation also is sponsoring a schedule of special events which will include a baseball school and a Giants baseball game. Outings to the beach also are on the schedule. Other events include a carnival and a hike across the Golden Gate Bridge.

For "teen activities," the War Memorial Community Center and Westmoor High School gymnasiums are open to teen-agers each weekday evening from 7 to 10 p.m. Facilities are available for badminton, basketball, volleyball and various table games.

High school students enrolled at Westmoor or Jefferson High Schools, or residing in Daly City, are eligible to join the Hi-Fi Teen Club. The club meets each Wednesday at the War Memorial Community Center from 7 to 9:30 p.m. Its weekly program features various activities and includes out-of-town excursions during the summer.

Programs and further information may be obtained at the Central Administrative Office, 144 Hillside boulevard, Daly City, PLaza 5-0850, Extension 18.

Pictured is one of the 21 recreation and park facilities which serve the Daly City area. The Daly City Recreation Department, under the leadership of director Charles Vincent, and ably assisted by supervisors Ed Tomasello, Tom Pollicita, Mike Orlich and August Conci, opened its 1962 summer program last Monday.

College Of San Mateo Taking Students For Summer Session

The College of San Mateo's new, expanded summer session commenced Monday, June 18, when more than 100 courses were opened to enrollment on the Coyote Point and Delaware campuses.

Featuring a full coverage of academic course work, the 1962 summer session represents almost a 500 per cent expansion over previous summer sessions.

Being a community-centered program, the summer session is open to persons of all ages and all academic backgrounds.

There are no admission tests nor any requirements other than registration, which takes place during the first meeting of each class.

It is expected that many adults will be enrolled in both day and evening classes and that an equal number of college-age students will register in order to accelerate programs towards their degrees. It is also anticipated that many students, home from colleges and universities outside the county, will want to enroll.

Courses are scheduled for the

mornings and evenings. Day classes, with a few exceptions, will run for six weeks, meeting four mornings each week for a period of two hours.

Night courses normally meet on Monday-Wednesday or Tuesday-Thursday evening from 7 to 10 o'clock for eight weeks.

The only expense to the student is cost of books and supplies, since there is no tuition or registration fee.

College authorities are planning to provide bus service from the Burlingame bus depot to the Delaware and Coyote Point campuses and return during the six week daytime session. The schedule is designed to serve students who register for 8 o'clock and 10:30 morning classes. The full schedule may be obtained by phoning the college at DI 2-1421.

Nominations Being Taken For Top Senior Citizens

Do you know some elderly person who loves people, is concerned for their well-being, contributes to make this a better community through service to her church and her neighbors — and who would like to fly for a visit to Las Vegas with a friend?

The golden opportunity will soon arrive with the fourth annual "Senior Citizen of the Year" contest, sponsored by the Senior Forum of San Mateo county.

Actually, one doesn't have to be too "senior" to be entered

in this contest. Anybody from 50 years on up is qualified, from the age standpoint at least.

This year there will be two awards made — one to the "Senior Man of the Year," and one to the "Senior Woman of the Year," and a prize of round-trip air tickets to Las Vegas for two will be awarded to each winner, courtesy of the World Travel Ceter in Palo Alto.

Awards will be presented at a gala picnic for members of the 22 senior centers, clubs and retirees groups in San Mateo

county on July 25 at Huddart Park.

Organizations who think they have outstanding seniors among their members are invited to nominate one or two men or one or two women. Entrants will be judged on their contributions to community betterment, love of people and service to their churches. The deadline on entries is July 11.

Entry forms and further information can be obtained from the Community Council, 3 West 37th avenue, San Mateo.

The world is in a turmoil, with nonsense coming out of everything which used to make sense. Our old buddy, Rufus Bogus, who visits us intermittently (when he wants some scratch for a pony) dropped in yesterday, and after putting the tops on us, pointed out the above fact.

Rufus always gives us something we can write about in exchange for our monetary good will, so we waited patiently while he came forth with his "scoop."

In the past, Rufus has tipped us off to: "Why the Giants will collapse," a story which ran last year about this time; "Why not call them the Oakland Seniores,"

CON DEMPSEY
At Westmoor Friday

a story which collapsed miserably; and "Who put Willie Mays' pink Cadillac 'neath the Billiard table," a story which met with some success.

We waited for our newest scoop, savoring every movement of the beady-eyed Rufus.

"The world's in a turmoil, and in a nonsensical spin," Rufus boldly announced, twitching his oblong head a bit.

We stared at him rather blankly and then asked him if this was the big tip we were supposed to get.

"Yes," he shot angrily back at us, carefully tucking our C-note in his tattered billfold. One thing we have always learned is not to question Rufus too much or infer that he gives lousy tips. More than once we have been the recipient of a sound thrashing by the skinny little fellow.

"What prompted you to make such a startling statement?" we asked proudly of him.

"Well, if anybody had said last week that one fellow, much less three, was going to break out of Alcatraz with a tea spoon, what would you have said?" he directed.

"Nonsense," we replied automatically.

"Right," he emphatically stated. "And what if somebody told you that a Casey Stengel-managed team would be in last place?" he again asked.

"Nonsense," we retorted with an almost conditioned response.

"Correct," Rufus replied. "And what if somebody would have told you that Arnold Palmer was going to lose the U. S. Open to a meek young upstart by the name of Jack Nicklaus?" he queried of us.

"Precisely!" Rufus exclaimed, jumping up and dropping his half-pint bottle of yogurt. "What further proof can I offer that the world is in a nonsensical spin," he added, his beady eyes belching fiery excitement and his arms moving to nonexistent Afro-Cuban chant.

"A brilliant deduction . . . fantastic," we shouted in childlike joy as we jumped up and down on our typewriter keys.

"Everything is nonsense," we babbled around the office, lurching blindly into water coolers and pretty secretaries.

Rufus departed happily for Hollywood Park and we retired in a corner to immerse ourselves in the pursuit of nonsense.

And if you have read this far of this nonsensical piece of nonsense, we need explain no more.

ON THE SIDELINES . . . An afternote to the tragic death of little Sherry Garber. The youngster was the sister of popular George Garber, the star third baseman for the George Harrison Realty baseball team of the Daly City Midget League.

Tuesday's game between the Realtors and was cancelled so the team could pay their respects to Sherry. It seems that the little girl was sort of a mascot and as much a part of the team as any player.

Daly City's Jim McClellan, builder of the two Champion Speed Shop dragsters, has been working on a plan for a speedway in the South County, near Redwood City.

If the annexation papers go through, and they look as if they will, San Mateo county will once again have a raceway. McClellan says it will be one of the finest on the West Coast. We hope that McClellan, who has worked hard on this project, makes it. We can still remember the good times and excitement at the old Belmont Speedway.

Former Jefferson star Paul Tapia, one of the finest quarterbacks ever to come out of the Peninsula League, is still around on the Daly City scene.

Tapia did the art work for the 1962 Daly City Recreation Department's brochure. This is the second year in a row that he has devoted his artistic talents to the brochure, Director Charles Vincent reported.

Down in South SF, last Sunday, the Tri-City Midget League champion M & S Builders had a Father's Day picnic. In a father-son baseball game, Billy Godkin won the game, 9-8, for the youngsters by tapping a drive over the first baseman's head into right field.

The irony of the setting was that the first baseman's name was Bill Godkin, Sr. A proud father with mixed emotions.

Those sports car rallies seem like a nice way to meet nice people. Two Peninsula sports car enthusiasts and owners went to the extreme last Saturday in South San Francisco when Miss Becky Camacho became the bride of Hal Shute. They met at a rally.

MILLER, PAL AND DRUGGISTS TOP LEAGUES

Miller Realty, the PAL Captains and Winston Drugs continued their winning ways on Saturday to maintain top ranking in the South San Francisco merchant-sponsored Pony, 13-and-Under Eastern, and 13-and-Under Western Leagues.

PONY LEAGUE
Miller Realty, behind the three-hit pitching of Allan Paganucci, dropped PAL No. 1, 5-1. Ed Bruno's bases-loaded triple in the second inning provided all the scoring punch Paganucci needed. Jim McKowin made the play of the day with a diving catch to retire the threatening PAL team.

Clearlite Trophy remained hot on the heels of the Miller Club by dropping Winston

Shell, 15-5. Carl Olson's long home run to left center, Joe Del Carlo's four hits and Mike York's three hits paced the Clearlite hitting attack.

QFI downed the SSF Pirates, 13-6, to remain tied for second as Wayne Barbaratto pitched a four-hitter. Bill Murphy and Ted Reilly paced QFI with two hits each.

Final Pony Loop action saw PAL No. 2 squeak by the PAL Lieutenants, 3-2, in eight innings. Dennis Fogliani came home with the winning run on pitcher Dave Rogge's single.

Ken Grant's triple helped the winning cause, as did the defensive play of Tony Aguelon. Bob Nicolopolos tripled for the Lieutenants' big blow.

13-AND-UNDER EASTERN

The PAL Captains scored seven times in the sixth to down Buri Buri L & D, 11-4. Wes Robinson came on in relief in the third with the Caps trailing, 4-2, and shut the door on Buri Buri. Midnight Coyne's three hits topped the Captain's 10-hit attack. Ted Saverese's two-run homer and Bill McGuffin's three hits paced the Buri Buri 10-hit effort.

Bob Hughes doubled, stole third and scored on Craig Gallo's single to give 12-Mile House an eight inning 3-2 win over Starlite Hofbrau.

Charlie Walker's triple and a pair of singles by relief pitcher Bob Pallari topped the 12-Mile House hitting. Joe

Medeiros tripled, doubled and singled to lead the Starlite attack.

Final action of the day in the Eastern loop saw Plaza Furniture move into the win column as they blasted the PAL Inspectors, 26-1. Mark Kaufman's grand-slam and Danny Drake's triple were the day's big blows.

12-AND-UNDER WESTERN DIVISION

The Winston Drugs kept their undefeated string intact by taking a 12-8 win over St. Veronica's. Ed Green tossed a five-hitter, striking out 10, to top the Druggists. Chuck Rago slammed one of the longest homers of the season for St. Veronica's, while Ed Crans and

Steve Baron each had a pair of hits for Winston.

The PAL Chiefs nipped the PAL Sergeants, 5-4, to move into a tie for third when Mike Smith twirled a neat five-hitter to top the win.

Final action of the day saw Kiwanis take a 13-6 win over Bayview Federal behind Mike Tryforos' four-hitter.

WESTLAKE BOWL day manager Rick Dreier and officer

Rich Brewer, president of the Daly City Police Athletic

League, ready for the auspicious opening of the fourth annual PAL bowling tournament

this Saturday night at Westlake Bowl. The tournament will run six weeks.

PAL Bowling Tourney Opens Saturday At Westlake Bowl

The Daly City Police Athletic League's fourth annual summer bowling tourney opens up this Saturday at the Westlake Bowl, and it will continue for six weeks.

The annual event, which attracts thousands of participants, will help supply the funds for the 1962 enlarged Police Athletic League program.

The league supervises and finances youth baseball, football and basketball teams in the Daly City area. Presently, there are 520 boys participating in the PAL program, operating on a budget of \$3,900.

Baseball is the biggest PAL enterprise, with over 160 youths participating, and operating on a budget of \$3,000.

President of the PAL is officer Rich Brewer. The youthful looking motorcycle officer also is baseball coach in the league. He is assisted by officer Les

Bastedo, who heads the baseball league.

The PAL operates to provide guidance and direction for youths who have leisure time in the summer. More idealistically, it operates to "engender a spirit of cooperation for law and order in the youths."

Some of the coaches in the PAL includes Brewer, Bastedo, Fred Bello, Tom Riordan, Len Barnett, Tino Sabuco, George Pedroni, Omar Grimes, Bob Kramer and Ron Kauger.

The Daly City PAL had its inception five years ago when officer John Coleman came to Chief Roland Petrocchi with a plan he had heard about in Mount Vernon, N. Y. Coleman and Petrocchi organized what is believed to be the first PAL organization in California.

Last year more than 4,325 people competed in the tournament.

Prizes, including an automatic washer, are on display at Johnny Swanson's Westlake Bowl. Captain Roy Beecher is chairman of the prize committee.

Funds for the event are not gained through direct solicitation, but from the participant's bowling fee.

Summer Programs Available At Recreation Department

The Daly City Recreation Department announces that summer recreation programs are available. These programs may be picked up at the Department of Recreation, 144 Hillside boulevard. Should you wish one mailed, call PL 5-0850, extension 18.

Due to late receipt of the programs, the Department of Recreation was not able to distribute them to children at Our Lady of Mercy, Our Lady of Perpetual Help and Holy Angels schools.

Junior Judoists Show Promise

South San Francisco's "little league" judoists took eight out of 12 trophies over their San Mateo counterparts in Cahill Judo Academy's first intramural matches held over the weekend.

Some 42 youngsters up to 16 years of age, members of the Cahill school, entered the meet, held at the San Mateo Masonic Temple.

Girls took the top honors in the junior lightweight and junior heavyweight classes, Raylin

Rodriguez, a 10-year-old peppermint, finished first in the junior lightweights. George Koetcke of San Mateo was second and Tom Alvey, South San Francisco, third.

Cathy Duffy, South San Francisco, took junior heavyweight honors, with Ed Randolph of San Mateo, and Steve White of Hillsborough, second and Judy Stahl, San Bruno, third.

Cathy's brother, Tim, took intermediate heavyweight hon-

ors. Win Herron, Hillsborough, was second, and Judy Stahl, San Bruno, third.

Ron Fenech, San Bruno, earned first place intermediate trophy, with Kelly Condon, Millbrae, second, and Bob Venturini, South San Francisco, third.

Another outstanding performer was newcomer Bill Boot of Pacifica. He earned three wins and narrowly missed third place in the junior heavyweight class.

Cahill's expect to hold similar intra-mural matches in the future to develop youngsters for competition as they get older. The North Peninsula amateur athletic group has about 150 youngsters under 16 years of age, in addition to its 50 adults.

Fred and Willy Cahill, tournament managers, commended all entries for their performances following the matches.

"They really went at it," they said. "The kids were trying every minute and put on something well worth seeing."

It is its first defense of the number five spot by Champion.

It's SPARE TIME

at Westlake Bowl

By JIM GREALISH

The first tournament of its kind — the Northern California Bowling Proprietors Association mixed fours championships — will be held at Westlake Bowl, July 7 through July 22. Secretary Phil Alston has announced early signups are coming in. Get your four-some together now. Entries close at midnight, July 5.

Emily and Vic Drago are the "couple of the week." Emily won the Ladies' Swiss Singles with a total of 6 points and 636 pins, plus \$8.20. Vic was not to be outdone as he rolled six strikes in a row to break the Friday Night Jackpot of \$359.10. Vic remains as king of the hill as the jackpot returns to \$100. Talk about a family affair — the winner of the Friday Sweeps and Vic's opponent in the roll-off was Al Balletto. Al is Emily's brother.

Nel Trinca was not to be denied in the Southgate Mixed Fives on games of 180-221-212 for a 613 series. Walt Haller repeated for the men in the High Rollers mixed fives as he rolled 167/486 while for the ladies, Sandi Amstutz bowled a 167 game for a 463 series.

Al Stagnaro and Pat Garcia announce that there are already over 150 signups for the PAL Kickoff, dance and buffet at Westlake Bowl on Saturday, June 23, at 7 p.m. Call Primo now and make your reservation. Chief Roland Petroch and Captain Roy Beecher have limited the squad to 260 bowlers.

The Sunday morning brunch and bowl group is getting off to a good start. Come down for breakfast. Instructor Dick

Truesdell is running a five-week course—film slide, group and personal instruction for the entire family.

Tim Bayless hit his 603 series in the Westmoor Handicap with his high game of 222 while in the 805 Scratch League. Al Thomas bowled 202 for a 562 series.

Ed and Steve Hargrove are currently leading in the Father and Son division of the Family Doubles tournament now in progress. There are eight divisions for all ages and combinations in this popular contest. In the husband and wife class, Angelo and Norma Baldelli got off to a good start with a 1006 total.

Coach Dick Truesdell has added other features to the junior program for the summer months. Coach Dick announces it is still not too late to register the children in all classifications — pee wee, bantam and junior.

Art Krause led the 540 pro trio last Tuesday on games of 245-157-246-196 for 843 series total. Gary Moeller was not to be outdone as he rolled the league high — a 265 game.

Ruth Knoll not only took husband Roger into tow in the Kings and Queens league, but also led the entire group with a 236 game for a 578 series. Mercedes Johnson rolled a terrific 215 game on her way to a 581 series in the ladies' 640 invitational, while across the course in the ladies' Sunset Handicap, Dolores Langford boomed out a 225 game.

Last week George and Marie Dietele celebrated their 42nd wedding anniversary with a party at Westlake Bowl.

Pretty Westlake Teacher Takes European Holiday

Some 25 excited second-grade school students today gave San Francisco Airport the appearance of a school playground. They were there to wish their pretty young teacher "bon voyage" as the "schoolmarm," 23-year-old Nyla Puccinelli, boarded a Lufthansa German Airlines Boeing 707 jet bound for a European holiday.

Miss Puccinelli, who lives at 2373 Fourteenth avenue, has been teaching for the past year at Westlake Elementary School, and her popularity with her young charges was evident today as each of the scrubbed and shined youngsters clamored and pushed their way to her side.

"This is my first teaching assignment, you know," Miss Puccinelli admitted as she smoothed the ruffled hair of a youngster who looked as though he would have been more at home in a baseball uniform on the school diamond than he was "all dressed up at the airport."

Traveling with Miss Puccinelli is Diane Caninus, of 1360 Clayton street, San Francisco. The European jaunt, Miss Caninus said, is a result of a chance meeting last year during a vacation in Hawaii.

"We had been casual acquaintances prior to our meeting in Honolulu," Miss Caninus said. "We had known each other in San Francisco since childhood, but we became close friends during our stay in the Islands, and we planned this trip then."

The tour will take the pair to all the capitals and points of interest in Europe. "Partly for pleasure, and partly to further my education toward my goal of a Master's Degree," Miss Puccinelli said.

DC-Colma Lions Club Installs '62 Officers

The Daly City-Colma Lions Club will install its 1962 officers Saturday night, June 23, at the Southern Restaurant in South San Francisco.

Other officers being installed are Ray Logan, first vice president; Howard Voldman, second vice president; Gil Westoby, treasurer; Don Alred, Lion tames; Del Wilson, secretary; and T. Neville, secretary. John Putkey is the outgoing president.

The board of directors includes Richard McClain, David Friedenberg, Julius Castelan and Joseph Rohl.

Following the installation ceremonies, the Lions and their wives will enjoy dancing.

Mrs. Reed Nabs Golf Tourney

Mrs. David Reed was the winner of the Low-Putts Tournament at Cypress Hills Golf Course Thursday with a score of 37. Second was Mrs. Robert Oylow with a 38.

Guest winner was Mrs. F. A. Frank who fired a 47.

The ladies play at Cypress Hills every Thursday. Membership to the club is still open.

Urgent Appeal For Salk Fund

An urgent appeal was voiced this week by local leaders asking that the public "mail in your Salk mailer" contribution to the new Salk Institute Building Fund campaign now under way across America.

The campaign is sponsored by The National Foundation and March of Dimes, of which Louis Gazzano of the Westlake branch of the Bank of America is city chairman in that area of Daly City.

The Salk Institute for Biological Studies, headed by Dr. Jonas Salk of polio vaccine fame, already is under construction at La Jolla in the San Diego, Calif., area.

The national goal is \$15,000,000 for the Salk Institute.

'SUPER-TANKER'

One modern "super-tanker" can carry enough fuel to heat 15,500 homes for a year, according to the National Automobile Club.

Christ holds its rallies in the Veterans War Memorial Auditorium at McAllister and Van Ness in the Civic Center. Starting time is 7:30 p.m. There is no admission charge and all are welcome to attend.

KTVU TELEVISION'S "Miss Nancy" of the "Romper Room Show" is joined here by Robin Raphael of 173 Northridge drive, Daly City, and Pamela Sipes of 343 Rockwood drive, South San Francisco, in preparation for Saturday's big Red Cross Aquatic Show scheduled for 2 p.m. at the San Lorenzo high school swim center in Alameda county. The TV personality will emcee the special hour-and-a-half program that will feature diving and swimming exhibitions by top Olympic stars. The show is being sponsored by the Bay Area Council of Red Cross chapters as a part of the over-all "Swim to Live" program this summer.

CSAA Warns Vacationers To Notify Police Dept

A few precautions taken before you leave can help safeguard your home against vandals and thieves while you are on vacation this year: the California State Automobile Association points out.

Some simple rules to follow include:

Notify your police department of the time you are to leave and the time you plan to return. Be sure to let the police know if anyone is authorized to enter your home while you are away.

Stop regular deliveries of such things as newspapers and milk. Experienced thieves are on the lookout for homes where newspapers and milk accumulate for several days.

If you are going to be away long enough for your grass to

grow noticeably during your absence, arrange to have it mowed.

Arrange to have your mail held at the postoffice for your return by notifying the branch office which serves your particular mail route.

Make certain electrical appliances are unplugged and gas burners turned off.

Leave most of the blinds and shades open—just as you would if you were at home. A tightly shuttered house is an indication nobody is at home.

Leave an unobtrusive light burning, or install one of those devices which turn a light on at night and off in the daytime.

And, finally, as you are leaving the house, lock all doors and windows behind you.

Unwed Mothers

"Any girl in trouble needing
a friendly advisor, call or write
the Salvation Army home, 2794
Garden street, Oakland. Phone
KE 2-3445."

This small classified ad has
been appearing in the San Mateo
county newspapers and other
Peninsula papers during the
past six weeks. To date, sev-
eral worried, young unmarried
mothers, all under 17, have
called the Salvation Army ma-
ternity hospital in Oakland in
response to the ad.

"We urge each girl to come
over for a personal interview
when she calls," says Major
Ellen Barton, superintendent of
the Booth Memorial hospital,
"then we can work directly with
her and help her."

Last year, San Mateo county
residents received 1,700 days'
care at Booth Memorial hospi-
tals throughout the state,
with each patient's stay being
two and three months. Here
they receive medical care, as
well as psychological and spiri-
tual counseling. If the young
patient is still in high school,
she is able to continue school
work under special city teach-
ers. There are no restrictions of
race, creed or color.

GIANT "EARS" SEEK ANSWERS
TO MYSTERIES OF THE UNIVERSE

HAT CREEK (Shasta Coun-
ty).—Aiming a pair of giant
"ears" at outer space, the Uni-
versity of California's new
Radio Astronomy Laboratory
went into full operation last
week in pine-circled Hat Creek
Valley, 20 miles north of Las-
sen Volcanic National Park.

Visitors touring the \$1.2 mil-
lion facility—supported in large
part through a contract with
the U.S. Office of Naval Re-
search—saw the new 33-foot
and 85-foot telescope "dishes"
capable of detecting radio
waves from far beyond the lim-
its of visual astronomy.

The remarkable accuracy of
these instruments has already
been demonstrated during the
laboratory's "tuning up" period,
according to Dr. Harold Weaver,
director of the Radio Astron-
omy Laboratory and professor
of astronomy on the Univer-
sity's Berkeley campus.

For example, the smaller tele-
scope has already mapped a
portion of the northern Milky
Way, revealing new details
about the star-studded spiral

arms of the great whirling Gal-
axy in which the sun is but a
minor star.

And in its initial tests, the
85-foot telescope has recorded
radio signals from deep within
the galactic center—the mysteri-
ous hub of our island universe
that is completely hidden from
visual observation.

As the Laboratory's research
program moves into high gear,
the astronomers will be probing
for answers to questions that
have puzzled man for centuries:
How are the stars formed?
What "shape" is the universe?
Is there life on other planets?
And many others.

The laboratory has been un-
der construction for the past
two years, following selection
of the Hat Creek site in the
"quietest" (in terms of radio
interference) accessible valley
of Northern California.

Completed within the past
month, the 85-foot telescope is
one of the largest now operat-
ing in the United States. And
because the surface error in the
huge reflector has been re-
duced to less than one milli-

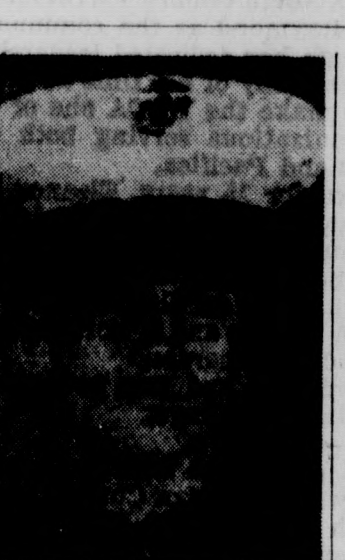

meter, it is also regarded as the
most accurate large radio tele-
scope yet constructed.

The large telescope weighs
some 220 tons, stands 110 feet
above the ground, and is built
to withstand winds of up to 100
miles per hour.

Initial research programs of
the laboratory will be confined
largely to the study of the
Milky Way Galaxy. Dr. Weaver
said, although some observing
time will be devoted to the
planets and to other galaxies.
"In the broadest sense, we
will be interested in the distri-
bution of gaseous material in
the Galaxy, and the motions of
this material," the Berkeley
astronomer explained.

From the study of these as-
pects of the gas, the astron-
omers hope to learn more about
the structure and dynamics of
the Galaxy, and about the way
it changes with time.

They hope also to learn more
about the way in which stars
are formed from the gases and
particles in the arms of the
Galaxy.

Q—Are World War II veter-
ans still eligible for GI loans?

A—Yes, for ten years after
discharge from active wartime
service, plus one year additional
for each 90 days of that ser-
vice. However, in no case may a
World War II veteran's eligibil-
ity expire before July 25, 1967.

Q—A friend has recently been
discharged from a VA hospital
because of "MHR." What do
those letters mean?

A—They mean "maximum
hospital benefit." In other
words, in the opinion of hospi-
tal officials, additional time
in the hospital would bring
about no further improvement
in the patient's condition.

Q—Where can lists or rosters
of the Old Civil War regi-
ments be found today in the
event that one wished to look
up the record of a relative?

A—Most of the Civil War

Troop 129, sponsored by the Hope Lutheran church of Daly City, had the honor of bestowing Scouting's highest and most richly prized award to Wayne M. Cloonan, 14, of 117 Village Lane, Colma, and Kenneth A. Stettler, also 14 (left), of 140 Edgemont, Daly City.

The award was presented Tuesday evening, June 12, at Benjamin Franklin school by Ray Lichtenberg, northern district advancement chairman, and Rennie Thomas, vice chairman of the northern district. Jerry Conrod and Richard Gunn from the Knights of Dunamis, presented an eagle award ceremony which was both inspiring and dramatic. The ceremony was greatly enjoyed by all who attended.

In his three years' service with Troop 129, he has been assistant patrol leader, patrol leader, den chief and assistant senior patrol leader. From A Feminine Viewpoint...

Farewell parties and dances seemed to dominate the social scene last week as school ended and vacations began.

Bright balloons in school colors of green and white was the decor as the eighth grade class at Benjamin Franklin held their farewell graduation dance last Wednesday night.

It was a "thanks and farewell" luncheon for Eleanor Raymond, who is retiring from her position as YWCA chairman. Hostess for the party was Jessie West and guests included Helen Doerr, Pat Tiggard, Doris Fox, Dee Sklavos, Ann Johnson, Betty Rodman, Florian Traeger, Gene Clark and Janet Hoffman.

It was a farewell party, too, last Thursday evening at the Presidio Officers Club, hosted by Beverlee and Joe Frisch. They are leaving the area soon for Hawaii, where Joe will be stationed at Tripler Army Hospital in Honolulu. Guests included localites Frank and Mickey Brooks, June and Don Falk, Jack and Virginia Kimberley, Marian and Bob Kramer, and Lt. Col. and Mrs. George Hunt.

The Busy Bluebirds held a "farewell for the summer" party at the home of their leader, Ann Johnson, last week. The girls are attending Campfire Camp this week, where Ann is also serving as a counselor.

Serving three years as North County YWCA chairman, we salute Eleanor Raymond as the community leader of the week. Through her dedicated leadership, giving graciously and unselfishly of her time as a volunteer, she has helped to make the YWCA one of the local area's leading organizations serving both the communities of Daly City and Pacifica.

A resident of the area for 15 years, Eleanor has been very active in many other groups, including Golden West YMCA, Campfire Girls, United Crusade, PTA, and taught Sunday School at Broadmoor Presbyterian Church. At present she is family chairman for Westmoor American Field Service and is working with the foreign exchange student program.

Eleanor, her husband, Ed, and two youngsters, Michele and Ed, live in Garden Village.

Guests of honor at a musical tea held last Sunday afternoon at Pedro Valley Presbyterian Church Parish Hall were Mrs. Elizabeth Harkins and Mrs. Eleanor Clemmons. The music, arranged by Roberta Ewald, included a vocal trio of Mrs. Ewald, Dolores Nation and Lucille Nevins, and a violin duo with Nancy Etchell and Ann Willard. Hostesses included Polly Billinies and Florence Smith, while Eva Zander and Joan Jacobson poured.

VACATIONS: For local boating enthusiasts the place to be this week is Clear Lake, where the annual Regatta is being held. Among localites participating is the Harry Bosbery family, who are spending the week at the lake and have entered their sailboat "Gay Blade" in several events.

As a graduation present for their daughter Phyllis and friend Linda Christman, Doris and Frank Rubiales took the girls to Reno, where they stayed at the Riverside Hotel.

Combining a vacation with business this week at Monterey are the Hal Fox family. They are staying at the family home of Doris' parents, the H. A. Perrys. The stately old ranch, located at San Juan Bautista, has been in the family for over 100 years. Hal is attending a golf clinic for professional teachers and golfers in Monterey.

Off to the Russian River this week are Alice and Don Johnson and two youngsters for a three months' stay. Don runs the recreation program at the Odd Fellows Recreation Park on the river.

Just back from Japan is Katherine Folawn, who had a reunion with her husband, John, who is stationed with the Army in Korea. They spent an exciting two weeks visiting Tokyo, Nikko, Myanashita and Kyoto. What impressed Katherine particularly about Japan was the blending of ancient and modern. One afternoon they watched a very formal ancient dance by girls with white painted faces. In the evening they attended a program where the modern-day Japanese girls were doing the twist.

NEWS BRIEFS: Four local girls have just received scholarships from Hill Top Beauty School. The scholarships, a complete beauty course including equipment, were awarded to Judy Malo of Terra Nova High, Shirley Heisch of Balboa High, Kathy Lewis from Jefferson, and Pamela M. Morgan from Westmoor.

New residents of the area are Sarah and Roy Toews, who have just purchased their first home located at 472 Abbot street in Daly City. The Toews have three children: Billy, 7; Cherie, 5, and Danny, 11 months.

FASHION HINTS: New for beach wear are shirts in a special new longer length. Toss over swimsuits or wear over capris. They come in a wide selection of fabrics and prints.

Big Night For Scout Troop 129

Tuesday June 12th will long be remembered by the parents and guests of the boy scouts of troop 129 of Broadmoor Village.

The scouts of troop 129 really out did themselves. Their advancements and awards speak for themselves.

Robert Fernkes Jr. senior patrol leader of the troop was awarded a bronze palm to add to his coveted eagle award. Robie is the first boy in this troop's twelve years history to ever receive this award. Scoutings highest award—the eagle—was presented to Wayne Cloonan and Kenneth Stettler. Two happier and prouder boys would be impossible to find as the eagle medal was pinned on their uniforms.

David Lee was then introduced to the audience as a candidate for the eagle award. A few minor details and Dave will have his eagle.

Robert Viera is pressing the eagle scouts as he received his life scout award.

Martin Cloonan, Nathan Kaufman, Randy Lee, Kenneth Paulson, Gary Stettler and Jinnin Worn all were awarded the rank of star scout.

New first class scouts are Dennis Buell, Michael Cooper, James Helmer, Kenneth Maches, Collins Orton and Tim Pappas.

Second class awards were given to Scott Bjorkquist, Bruce Bushner and Kenneth Tonison.

A great sadness did enter into the night's festivity. Mr. Herbert Stettler Scoutmaster of the troop for the past twelve years turned the troop over to his replacement Mr. William Cloonan. Mr. Stettler will be sorely missed. No words, no matter how flowery can say what the troop feels. So thanks Herb.
